

Ulink Assist's Most Requested Services in 2025

2025 was a milestone year for Ulink Assist, with sharp growth across Singapore, Malaysia, Indonesia and Myanmar for cross-border medical assistance and cash-less treatment access. As insurers and TPAs grapple with rising medical costs, cross-border care complexity and heightened member expectations for seam-less coordination, we wanted to share what worked. Here are insights on what insurers and TPAs require for their members across the region:

5 Most Requested Ulink Assist Services:

- LOG:** Insurers and TPAs authorised Ulink to issue LOGs when their members required cash-less treatment at top hospitals.
- Medical Documents Coordination:** Our clients trusted us to secure collections of medical documents, test results, and reports for claims approvals.
- Appointment Coordination:** Many clients require fast scheduling with specialists, GPs, diagnostic centers, and more across multiple facilities.
- Patient Accompaniment:** Clients relied on Ulink for on-ground support during consultations and procedures, with real-time updates.
- Evacuation:** Our clients turned to Ulink for emergency evacuations; air ambulances from resort destinations, medical repatriations, and inter-hospital transfers requiring physician escorts and rapid clearances.

5 Most Requested Hospitals in:

Singapore

1. Mount Elizabeth Hospital (Orchard)

2. Singapore General Hospital
